∴ Wing Commander Nicolson was the recipient of the only Victoria Cross to be awarded for the Battle of Britain and, in fact, this was the only one awarded to a Fighter Pilot during the 1939-1945 War.

VICTORIA CROSS. *London Gazette 15th November, 1940*
 "During an engagement with the enemy near Southampton on August 16, 1940, Flt. Lieut Nicolson's aircraft was hit by four cannon shells, two of which wounded him whilst another set fire to the gravity tank. When about to abandon his aircraft owing to flames in the cockpit, he sighted an enemy fighter. This he attacked and shot down although as a result of staying in his burning aircraft, he sustained serious burns to his hands, face, neck and legs. Flt. Lieut. Nicolson has always displayed great enthusiasm for air fighting and this incident shows that he possesses courage and determination of a high order by continuing to engage the enemy after he had been wounded and his aircraft set on fire. He displayed exceptional gallantry and disregard for the safety of his own life".

DISTINGUISHED FLYING CROSS. *London Gazette 11th August, 1944 (page 3715).* "Acting Wing Commander J. B. Nicolson (39329) 27 Squadron, R.A.F." Wing Commander Nicolson commanded 27 Squadron in Burma from August 1943 to June 1944.

The following are also sold with this lot: —

(i) Photocopy of Wing Commander Nicolson's Flying Log Book. (ii) The Flying Jacket which he was wearing during the action for which the V.C. was awarded. (iii) Telegram from the Air Ministry informing him that he is to receive the V.C. from King George VI, at Buckingham Palace. (iv) Telegram of congratulation from Headquarters No. 11 Group. (v) Medical Certificate dated 17.11.1940, granting 21 days sick leave. (vi) Numerous photographs. (vii) Original ribbon bar with V.C. (no emblem) and 1939/45 Star ribbons. (viii) Photocopy of an article from "The Battle of Britain Then and Now". The article gives a very full account of the award of this Victoria Cross, including the fact that, in addition to severe wounds received in combat, Flight Lieut. Nicolson was fired upon by a Home Guard sergeant with a shot gun, the pellets hitting him on the right side.

Tragically, Wing Cmdr. Nicolson did not survive the war, as he was killed on May 2nd, 1945 when he was flying as a passenger in a Liberator which crashed over the Bay of Bengal after an engine caught fire.

It is of interest to note that the Victoria Cross is dated 10th November, 1940, the date on which King George VI signed the recommendation for the award. Normally when the Cross is given for a specific action, then it is that date which is inscribed. When awarded for sustained effort the date shown is the publication date of the citation in the London Gazette, James Nicolson's V.C. conforms to neither custom.

This Victoria Cross has been advertised as the most important ever to appear for sale and, in addition to it being unique for the Battle of Britain, other good reasons can be put forward to justify such a claim.

What was, indisputably the greatest air battle of all time, must also certainly be regarded as one of the most crucial, as defeat could have resulted in losing the 1939-1945 War. "The Crux of the Whole War" (Winston Churchill 11th September, 1940).

The award is symbolic of the courage and devotion of the "Few", and the fact it is for the Battle of Britain is probably even more important than the actual deed of gallantry; which is the usual criteria for collectors, when assessing the desirability of a Victoria Cross.

Being of such historical significance this group of decorations and medals must surely come into the category of being worthy of preservation in a National Museum.

SALE CATALOGUES

On the average we issue twelve or more Coin Catalogues and three Naval & Military Medal Catalogues each year, some of which are usually of Sales of important Collections.

CATALOGUE SUBSCRIPTIONS

Sale Catalogues, frequently illustrated, are normally posted to Subscribers about three weeks prior to the date of Sale.

Lists of "Prices Bid" are issued after each Sale, thus giving at a glance a reliable guide to value. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading. The Lists of "Prices Bid" will probably be enclosed in a following Sale Catalogue.

AIR MAIL POSTAGE

To allow subscribers resident outside Europe time to submit Postal Bids, Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and the cost must be borne by the Subscriber. In such cases a deposit against the cost is required.
